

Join the Rumson Environmental Commission and Junior Green Team for a

# COMPOSTING WORKSHOP

**April 17th at 6pm**

At: Bingham Hall

## What You Will Learn...

- ➔ How to compost from home
- ➔ The Dos and Don'ts of Composting
- ➔ How to reduce food waste
- ➔ Tips from an avid home composter and Rutgers Master Gardener

## Home Composting Is Easy

## Why You Should Compost

- ➔ Returns nutrients to the soil while retaining moisture.
- ➔ Reduces runoff of chemical fertilizers into our waterways.

## Did You Know?

- ➔ 40% of all food in the United States is wasted!
- ➔ Food waste comprises 30% of your garbage, producing 200lbs of organic waste every year!

**Chance to win a free composter after the program!**
