

# Forrestdale and Deane-Porter Renovations

By: Madeline S.  
(Fourth grade student)

# Questions and Answers an Interview with the Superintendent

**What made you decide to do renovations for our school?** Dr. Bormann said, "We needed to update some spaces to make them safer and more modern for the schools." They also want to add more space to the building for more programs and students.

**How do you think the renovations will make the schools better?** Dr. Bormann said, "It will make our schools safer and more modern. It will also allow for new programs. For example, we will now have our own stage and auditorium. This will allow for assemblies, drama programs, and band and chorus programs to occur without interfering with gym classes. We can also expand our drama and band programs."

**When are you planning for the renovations to finish?** Dr. Bormann said, "The new multi-purpose room will be next school year around January. The rest of the projects will be done before school opens in September. This is why school is opening in late September."

**What are you planning to do when the renovations are finished?** He would like to have a ribbon cutting ceremony to celebrate.

**What are you planning for the renovations to look like when they are done?** Dr. Bormann shared a [slideshow](#).

**What part of the renovations are you most excited about?** Dr. Bormann said he liked all of them but his favorites probably are the science labs, media centers, open classrooms, the playground and basketball court and the new multi-purpose room. He said that they are going to be great learning areas for our students.
